'The Crystal Ship' is the biggest art festival in public spaces in Europe. Famous national and international artists created more than 70 giant murals and fantastic artistic interventions in Ostend. All these works of art make an artistic route through the city of Ostend.

Discover all the works thanks to these handy walking and cycling routes. The cycle route takes you to all art works through the city while the walking tours only focus on the works in the city centre, the Belle Epoque district and the Oosteroever. The free ferry at the Vissersplein (along the Quay) takes you to the other side of the port in only 10 minutes' time.
